CAREER OBJECTIVE

Motivated Computer Science student with a strong foundation in AI and Machine Learning, seeking an entry-level role to apply data-driven insights and contribute to innovative projects.

EDUCATION

Vignan's Foundation for Science, Technology and Research, B.Tech in Artificial Intelligence and Machine Learning July 2023 - Present

- GPA: 8.50/10.0

• **Coursework:** Artificial Intelligence, Machine Learning, Data Structures and Algorithms

Kondabolu Lakshmi Prasad Senior Secondary School, Senior Secondary July 2021 - March 2023

- Percentage: 85.6%

SKILLS

Technical Skills - DBMS | Linux | ML | HTML | Operating Systems | OOPS | Github | Colab

Programming Languages - C | Python | Java | MySQL

Soft Skills - Communication & Presentation | Time Management | Leadership | Adaptability | Team Work

CERTIFICATIONS

- Deloitte Australia Data Analytics Job Simulation on Forage (Certificate Link) June 2025
- TCS iON Career Edge - Young Professional , authorized by TCS iON May 2025
- Supervised Machine Learning: Regression and Classification, authorized by Stanford University (Certificate Link) July 2024
- Programming for Everybody (Getting Started with python), authorized by University of Michigan (Certificate Link) May 2024
- Data Science Using Python, authorized by Aligarh Muslim University July-Oct 2024
- Python (Basic), authorized Hackerrank (Certificate Link) April 2025
- HTML, CSS, and Javascript for Web Developers, authorized by Johns Hopkins University (Certificate Link) May 2025

PROJECTS

IPL Winner Prediction, GitHub-Link

- Built a ML model to predict the outcome of IPL matches based on runs left, balls left, and wickets.
- Designed relevant features such as current run rate, required run rate, and head-to-head team performance to improve prediction accuracy.

Task Management, GitHub-Link

- Matches individuals to tasks based on their skills and the project requirements.
- Helps optimize task assignment and improve team efficiency.

Dynamic Weather Dashboard, GitHub-Link

- A real-time weather app that shows temperature, humidity, wind speed, and weather conditions for any city.
- Fetches real-time weather updates using a Weather API and also shows live location-based weather.

ROLES & RESPONSIBILITIES

Mahothsav2K24 (Cultural and Sports Fest), Coordinator February 2024

- Contributed to stage and quality management and managed event logistics.

Student Council, Class Representative

February 2024

- Was a representative of my branch and voice of our class

ACHIEVEMENTS

- Achieved fourth rank in class 12 at the school level according to academic performance.
- Ranked in the top 6% of students in the department based on academic performance.
- Received prizes for participation in various co-curricular activities such as quizzes , sports etc. at both the school and university levels.
- Secured 2nd place in Throw ball competition at the university level.
